## Dear Shareholders,

Maan Aluminium has delivered strong operating performance in FY21-22 with relentless focus on improved productivity and cost discipline across all operations that enables us to deliver strong earnings. As a result, your company strengthened its ability to withstand volatility in the tough and challenging commodity market during the year.

These challenges were met head-on with our new and strong management team and operation personal, taking on the challenges and ensuring we deliver timely and effectively on a day-to-day basis.

During the year, we as a nation have also seen various challenges which have impact us directly or indirectly, from the ups and down with the pandemic, extreme environment temperatures, the war between Russia-Ukraine, markets hitting record highs and cooling off and the commodities cycle where Aluminium prices on the London Metal Exchange (LME) rose to a record high of \$3691.50 a tonne, despite all odds we as a company have managed to deliver a strong performance and ensured we maximize shareholder value.

Our revenue from operations had a substantial increase in FY21-22 of ₹572.29 crores verses FY20-21 of ₹402.87 crores. Also reporting the best profitability within the history of the company we have seen a significant improvement in FY21-22 of ₹29.75 crores verses FY20-21 of ₹19.87 crores.

During the year the company has also rewarded the shareholders with a dividend and also a 1:1 bonus. Keeping up with our efforts to create and increase shareholder value our EPS has moved up significantly from ₹10.94 in FY20-21 to ₹16.26 in FY21-22.

Moving ahead we see tremendous growth potential in India and in the aluminium industry. With India's GDP forecasted for FY23 at 7.2% we see the overall market will improve. The current per capita consumption of aluminium in India is at 2.5 kg compared to other developed nations at 11 kgs, we feel the there is a huge gap and there is very high potential for growth in the aluminium industry.

At Maan, we look forward to FY22-23 as a very exciting year ahead. We remain committed to deliver value for the shareholders, communities and other stakeholders. I commend my team and everyone at Maan for their commitment, dedication and sheer hard work which is indeed an inspiration.

Sincerely

Ravinder Nath Jain  
Chairman & Managing Director

## REVIEW OF BUSINESS AND OPERATIONS AND STATE OF YOUR COMPANY'S AFFAIRS

MAAN has built a sustainable foundation to accelerate its growth. Its customer-centric products; transparency in operations; relentless focus on customer convenience; and investment in technology has helped it build a family of lots of happy customers.

The overall business environment remained muted with demand slackening in almost all sectors. The Aluminium Sector also went through extreme volatility owing to stringent lockdowns and the fluctuations is the Price of Primary Products. Your Company overcame the challenges posed by the pandemic and performed well during the FY 2021-22.

This was achieved through leveraging the export opportunities bought by the growing trend of export and offering quality service. With a resolution to provide best-in-class product at the lowest cost, your Company delivered strong growth over the previous year.

Your Company's Profit before Tax increased by 49.69% in the current year. During the year, the total income of your Company went up from ₹ 40,532.84 Lakhs to ₹ 57,754.31 Lakhs.

The Financial Statement of the Company for the FY 2021-22 are prepared in compliance with the applicable provisions of the Act, Accounting Standards and as prescribed by Securities and Exchange Board of India (SEBI) under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the SEBI Listing Regulation). The Financial Statement has been prepared on the basis of the Audited Financial Statement of the Company as approved by their respective Board of Directors.

The Audited Financial Statement along with Auditor Report for the FY 2021-22 into consideration have been annexed to the Annual Report and also made available on the website of the Company which can be accessed at [www.maanaluminium.com](http://www.maanaluminium.com)

The Overall Consolidated Debt stood at Rs 6,489.93 Lakhs as on March 31, 2022 with Debt Equity Ratio of 0.77 as against ₹ 7,230.07 Lakhs as on 31st March, 2021 with Debt Equity Ratio of 1.13

#### MATERIAL CHANGES AND COMMITMENTS IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY

There were no material changes and commitments affecting the financial position of the Company which occurred between the end of Financial Year and the date of this Report.

#### MACRO-ECONOMIC OVERVIEW

The Delta variant of COVID-19 struck India in the beginning of 2021-22 marking the onset of the second wave. Although the second wave of the pandemic in April- June 2021 was more severe from a health perspective, the economic impact was muted compared to the national lockdown of the previous year. The Advanced Estimates of real GDP growth (YoY) in FY 2021-22 at 9.2 per cent confirm the sustained momentum of GDP growth since the second wave. The economy in the current year has recovered 101.6 per cent of the pre-pandemic output of FY 2019-20. This is supported by strong rebound seen in several high frequency indicators in Q3: FY 2021-22 and rapid progress in vaccination coverage.

On the supply side, while agriculture continues to lend unwavering support to economic recovery, manufacturing and construction exhibited a sharp rebound to recover more than 100 per cent of corresponding pre-pandemic output levels. These developments clearly reflect uptick in consumer and investor sentiment, release of pent-up demand, especially in construction supported by growing public capex and housing cycle upturn. Recovery in services sector has improved to reach corresponding pre-pandemic levels at 100 per cent, reflecting gradual adaptability of contact-intensive service sectors to the pandemic situation. The growth of the gross value added (GVA) at constant basic prices has been estimated to grow by 8.6 per cent in 2021-22 (1st advance estimates), with agriculture and allied sectors, industrial sector and services sector growing at 3.9 per cent, 11.8 per cent and 8.2 per cent respectively (Source: Ministry of Finance)

# MANAGEMENT DISCUSSION AND ANALYSIS

## GLOBAL ECONOMIC OUTLOOK

The global economy grew by 5.9% in 2021 following a contraction of 3.1% in 2020. Countries across the globe focused on vaccination coverage and implemented various economic stimuli to minimise the impact of COVID-19 and hasten economic recovery. The growth momentum started slowing towards the end of 2021, as the effects of fiscal and monetary stimuli dissipated along with the onset of the Omicron variant of COVID-19.

While the early forecast for global economic growth in 2022, the recent geo-political tensions and conflict in Ukraine will weigh on global growth projections and also lead to high inflation in the short term. The conflict is a major blow to the global economy that will hurt growth and raise prices.

The International Monetary Fund in its recent report slashed its forecast for global economic growth by nearly a full percentage point, citing Russia's war in Ukraine, and warning that inflation was now a "clear and present danger" for many countries.

The war is expected to further increase inflation, the IMF said in its latest World Economic Outlook, warning that a further tightening of Western sanctions on Russia to target energy exports would cause another major drop in global output.

According to IMF, other risks to the outlook include a sharper than expected deceleration in China prompted by a flare-up of COVID-19 lockdowns. Rising prices for food, energy and other goods could trigger social unrest, particularly in vulnerable developing countries.

Downgrading its forecasts for the second time this year, IMF said it now projects global growth of 3.6% in both 2022 and 2023, a drop of 0.8 and 0.2 percentage point, respectively, from its January forecast due to the war's direct impacts on Russia and Ukraine and global spillovers. Medium-term global growth is expected to decline to about 3.3% over the medium term, compared to an average of 4.1% in the period from 2004 to 2013, and growth of 6.1% in 2021.

## INDUSTRY STRUCTURE AND DEVELOPMENT

Aluminium is a metal of significant strategic importance to India, critical to almost all sectors of significance to modern life and essential to build a sustainable tomorrow. By virtue of its unusual properties like high strength-to-weight ratio, exceptional design flexibility, superior thermal & electrical properties, 100% recyclability over and over again, Aluminium's demand in space exploration, aviation, electric vehicles, renewable energy production, electricity transmission, construction, consumer goods, and more, is only slated to increase.

India is a leading player in the global Aluminium industry with the second largest Aluminium production capacity of about 4 million tonnes per annum (MTPA)

The global Aluminium consumption has been driven majorly by India and China having growth rate of approximately 10% till pre COVID times. Last decade has seen India's consumption almost double from 2.2 million tons in FY-11 to about 4 million tons in FY-19.

India's Aluminium demand is estimated to double again by the year 2025 with current resilient GDP growth rate driven by increasing urbanization and push for boosting domestic infrastructure, automotive,

aviation, defence, and power sectors.

## OPPORTUNITIES AND THREATS

The aluminium business continues to be affected to a large extent by the volatility in the aluminium raw material prices, foreign exchange fluctuations and low quality aluminium products being dumped by neighbouring countries.

## BUSINESS PERFORMANCE

During FY 2021-2022, the Company has achieved production of 6960.31 MT as compared to 7569.20 MT during the previous year. Considering the installed capacity of 9000 MT, we have significant spare capacity to increase production and sales level. Accordingly Company has geared-up marketing activities and production, so as to achieve Production and sale of 9000 MT in coming years.

## PROSPECTS

Rise in infrastructure development is expected to drive growth in the aluminium sector. Demand for aluminium is expected to pick up as the scenario improves for user industries like power, infrastructure and transportation.

The Government of India's "National Mineral Policy" is expected to bring more transparency, better regulation and enforcement, balanced socio-economic growth along with sustainable mining practices in the aluminium sector.

Domestic demand is likely to remain robust driven by construction and packaging. However, in the short term, due to lockdown and recovery from Covid-19, domestic demand is likely to decline by 20-25% at the closing of FY21, due to slowdown in Transportation, Building & Construction, Industrial Equipment, and Consumer Durables. The only green shoot is a marginal growth in the packaging and pharma sectors.

The increasing share of imports of aluminium products, including scrap, will continue to be a major concern for domestic aluminium producers. Over the last few years, the domestic rolled products industry has been witnessing an increase in dumping of imports especially from China, at unfair prices leading to the pricing pressure.

The adoption of strong, lightweight and formable aluminium sheets in vehicle parts and structures is driving growth in the automotive body sheet segment. This market is expected to record growth, despite some recent softening in European and Chinese demand.

The Indian government has plans to invest over US\$ 1 billion in its "Make in India" initiative. The aluminium industry will benefit from this as there is great demand to build new production facilities. India's annual aluminium consumption is expected to double to 7.2 MnT by 2023.

## RISK AND CONCERN

The Company has well defined structure which enable and empower management to identify, assess and leverage business opportunities and manage risk exposure in the organization effectively.

As per Risk Management framework and procedures, management treat various category of risks and take appropriate actions for its mitigation. For example, for higher priority risks, the Company has developed and

implemented specific risk management plans that supports management in strategic decisions and funding considerations, if any. Lower priority risks are also monitored as per plan. Company has the process of communication, consultation, monitoring and periodical review of the risks and effectiveness of the mitigation plan.

The aluminium (metals) sector has provided investors healthy returns in certain time periods during the past decade but overall, the performance of the sector has been underwhelming.

Supply of primary aluminum is in excess as India is one of the largest producers of primary aluminium. However, due to limited scope of value addition within the country, primary aluminium producers export large quantities of primary aluminium products and companies import a sizeable quantity of downstream products.

Aluminum consumption in India at 2.7 kg per capita is much below the global average of 11 kg per capita. Demand for the metal is expected to pick up as the scenario improves for user industries, like power, infrastructure and transportation.

Most domestic players operate integrated plants. Bargaining power is limited in case of power purchase, as Government is the only supplier. However, increasing usage of captive power plants (CPP) will help to rationalize power costs to a certain extent in the long-term.

The company also has an internal risk committee that reviews the risk management process on a periodic basis.

## QUALITY CONTROL

Your Company continues to focus on sustained quality control and has build a strong brand image among competition. The Company's manufacturing facility is accredited with the prestigious ISO-9001:2015 certification endorsing its strong quality systems. Your Company continues to focus on sustained quality control and has build a strong Brand image among competition.

## INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company is following a proper and adequate system of internal controls in respect of all its activities including safeguarding and protecting its assets against loss from unauthorized use of disposition. Further, all transactions entered into by the Company are duly authorized and recorded correctly. The Internal Auditors are submitting reports to the Company on a Quarterly basis.

The internal audit process is designed to review the adequacy of internal control checks and covers all significant areas of the company's global operations.

The company has an Audit Committee of the Board of Directors, the details of which have been provided in the corporate governance report.

## REVIEW OF COMPANYS OPERATION

During the year under review, earnings before interest, tax and depreciation (EBITDA) of the Company recorded ₹3,810.15 Lakhs as compared to ₹2,695.58 Lakhs in previous year.

The higher EBITDA was mainly due to higher sales volume; record high production and export; fixed and variable cost optimization; reduction in overall Finance cost & power cost; and efficient & sustainable plant operations.

The demand for aluminium may continue to be driven further by the pick-up in the infrastructure projects viz. bridges, roads, ports, metro rails and low budget housing segment, bringing opportunities for growth in this sector. The long-term outlook for aluminium is expected to be positive.

Despite the pressure from increase in raw material prices, freight cost adversely impacted the operations and overall aluminium demand, the Company has recorded profit after of ₹2,166.61/- lakhs with strong EBITDA margin of 7 %. Concerted efforts throughout the year resulted in higher sales volume, export and production. The Company continues to focus on optimizing costs, improving operational efficiency and further strengthening the brand.

#### Board Procedures and flow of information

The Board/Committee meetings are pre-scheduled, and a tentative annual calendar of the Board and Committee meetings is circulated to the Directors well in advance to facilitate them to plan their schedule and to ensure meaningful participation in the meetings. However,

in case of special and urgent business needs, the Board's approval is taken by passing resolutions by circulation, as permitted by law, which are noted and confirmed in the subsequent Board Meeting. During the financial year 2021-22, all meetings of the Board were held through video conference in accordance with the provisions of law.

In order to facilitate effective discussions at the virtual meetings, the agenda is bifurcated into items requiring approval and items which are to be taken note of the Board. Clarification/queries, if any, on the items which are to be noted/taken on record by the Board are sought and resolved before the meeting itself. This ensures focused and effective discussions at the meetings.

The Board has adopted a 'safety-first' approach for all its discussions and deliberations. All meetings of the Board begin with an elaborate discussion on the Health and Safety initiatives of the Company which are then followed by review of the performance of the Company, review of financial results, industrial relations, Board succession planning, Strategic planning, governance and regulatory matters, declaration of dividend and such other matters as required under the Act, Listing Regulations and other applicable legislations.

Dividend warrants in respect of the dividends declared, have been dispatched to the shareholders at the addresses registered with the Company. Those shareholders who have not yet received the dividend warrants may please write to the Company's RTA for further information in this regard. Shareholders who have not encashed the warrants are requested to do so by getting them revalidated from the Registered Office of the Company or its RTA.

## 16. Transfer to the Investor education and Protection Fund:

Pursuant to applicable provisions of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (Rules), all unpaid or unclaimed dividends are required to be transferred by the Company to the Investor Education and Protection Fund (IEPF) established by the Central Government, after completion of seven years from the date of transfer to Unclaimed Dividend Account on the Company. Further, according to the Rules, the shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the demat account of the IEPF Authority. The said requirement does not apply to shares in respect of which

there is specific Order of Court, Tribunal or Statutory Authority, restraining transfer of the shares.

Shareholders/claimants whose shares, unclaimed dividend, have been transferred to the IEPF Demat Account or the Fund, as the case may be, may claim the shares or apply for refund by making an application to the IEPF Authority in Form IEPF-5 (available on <http://www.iepf.gov.in>) from time to time. The Shareholders/claimant can file only one consolidated claim in a financial year as per the rules.

Details of shares/shareholders in respect of which dividend has not been claimed, are provided on the website, at [www.maanaluminium.com](http://www.maanaluminium.com). The shareholders are requested to verify their records and claim their unclaimed dividends for the past years, if not claimed.

## Report on the Audit of the Standalone Ind AS Financial Statements

### Opinion

We have audited the accompanying standalone Ind AS financial statements of **Maan Aluminium Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rule, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report

that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of

the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

  - (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The standalone balance sheet, the standalone statement of profit and loss including other comprehensive income, the standalone statement of cash flows and the standalone statement of changes in equity dealt with by this report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act;
  - (e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act; and

(f) With respect to the adequacy of the internal financial controls with reference to the standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. the Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in Note 33.1 to 33.2 to the standalone financial statements;

ii. the Company did not have any long-term contracts, including derivative contracts, for which there were any material foreseeable losses;

iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company
- or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or

- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv)(b) contain any material misstatement.

v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.

(h) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

**ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF MAAN ALUMINIUM LIMITED FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2022.**

**(Refer to in our report of even date)**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- i. a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.  
(B) The Company does not have any intangible assets accordingly, this sub clause is not applicable to company.
- b) Property, Plant and Equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the Property, Plant and Equipment at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and the records examined by us including registered title deeds, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the Balance Sheet date. In respect of immovable properties of land that have been taken on lease and disclosed as Right of Use Assets in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- d) The Company has not revalued its Property, Plant and Equipment (including Right-of-Use assets) and intangible assets during the year.
- e) according to information and explanations given to us, no proceedings have been initiated or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a) The inventories, except goods-in-transit and stocks lying with third parties, have been physically verified by the management during the year. In our opinion and based on information and explanations given to us, frequency, coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.
- b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at points of time during the year, from bank on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly statements filed by the Company with the bank are in agreement with the audited books of account of the Company of the respective quarters.
- iii. The Company has not made investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence sub-clauses iii (a) to (f) under clause (iii) of the Order are not applicable.
- iv. In our opinion and according to the information and explanation given to us, the company has not given any loans or guarantee or has not made investments covered under section 185 and 186 of the Act.
- v. In our opinion and according to the information and explanations given to us, the company has not accepted any deposits from the public in accordance with the provisions of sections 73 to 76 of the Act and the rules framed there under. Accordingly, clause (v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under subsection 1 of Section 148 of the Act and are of the opinion that prima facie the prescribed cost records have been maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. a) According to the information and explanations given to us, the Company is generally regular in depositing undisputed statutory dues applicable to it including Goods and Service Tax, Provident Fund, Employee’s State Insurance, Income Tax, Sales tax, Service tax Customs Duty, , cess and other material statutory dues applicable to it to the appropriate authorities.

According to the information and explanations given to us, there were no undisputed amount payable in respect of Goods and Service Tax, Provident Fund, Employee’s State Insurance, Income Tax, Sales tax, Service tax Customs Duty, cess and other material statutory dues were outstanding at the end of the year for a period of more than six months from the date they become payable.

## ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF MAAN ALUMINIUM LIMITED FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2022.

(Refer to in our report of even date)

### Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Act.

We have audited the internal financial controls over financial reporting of Maan Aluminium Limited (“the Company”) as of 31 March, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

#### Management’s responsibility for internal financial controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 (“the Act”).

#### Auditor’s responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

#### Meaning of internal financial controls over financial reporting

A company’s internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

#### Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

## Notes forming part of the financial statements for the year ended March 31, 2022

**Note: 1 CORPORATE INFORMATION**

Maan Aluminium Limited (the 'Company') is a public limited Company domiciled in India with its registered office located at Building No. 4/5, 1st Floor, Asaf Ali Road, New Delhi-110002, India. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is engaged in the business of manufacturing & trading of aluminium profiles, anodizing and fabrication of profiles, aluminium ingots, aluminium billets etc. and other related activities.

**Note: 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES****2.1 BASIS OF PREPARATION AND PRESENTATION****i) Basis of Preparation:**

"The standalone financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements,

The standalone financial statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in India. "

**ii) Basis of measurement**

"These financial statements are prepared under the historical cost convention except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivative instruments) measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans – plan assets measured at fair value

The financial statements are presented in Indian Rupees, except when otherwise indicated.

**iii) Measurement of fair values**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value.

However, when the company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This categorisation is based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability

Financial assets and financial liabilities that are recognised at fair value on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

**iv) Classification of Assets and Liabilities into Current/Non-Current:**

The Company has ascertained its operating cycle as twelve months for the purpose of Current/ Non-Current classification of its Assets and Liabilities.

For the purpose of Balance Sheet, an asset is classified as current if:

- (i) It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or

- (iii) It is expected to realise the asset within twelve months after the reporting period; or
- (iv) The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- (i) It is expected to be settled in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

## 2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### a) Property, Plant and Equipment (PPE)

- i) Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation, accumulated impairment loss, government grant received in respect of Property, plant and equipment. Cost includes all expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.
- ii) The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively.
- iii) **Depreciation**  
Depreciation on Property, Plant & Equipment is provided on Straight Line Method based on estimated useful life of the assets which is same as envisaged in schedule II of the Companies Act, 2013. The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.
- iv) **De-recognition**  
An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

### b) Intangible assets

- i) Intangible assets which is purchased are initially measured at cost. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any
- ii) An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
- iii) **Amortisation**  
Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. Estimated useful life of computer software is estimated for 3 year

### c) Impairment of non financial assets

At the end of each reporting period, the Company determines whether there is any indication that its assets (property, plant and equipment, intangible assets carried at cost) have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money

d) **Financial Assets**

i) **Initial Recognition and Measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

ii) **Subsequent Measurement**

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- (i) Financial assets at amortized cost
- (ii) Financial Assets at fair value through profit or loss
- (iii) Financial Assets at fair value through other comprehensive income (OCI)

A financial asset that meets the following two conditions is measured at amortized cost:

- i) **Business Model Test:** The objective of the company's business model is to hold the financial asset to collect the contractual cash flows
- ii) **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.  
A financial asset that meets the following two conditions is measured at fair value through OCI:-
  - **Business Model Test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
  - **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.  
All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI  
All other financial assets are measured at fair value through profit and loss  
Where assets are measured at fair value through profit of loss, gains and losses are recognized in the statement of profit and loss  
Where assets are measured at fair value through other comprehensive income, gains and losses are recognized in other comprehensive income
- iii) **Impairment of financial assets**  
The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk and if so, assess the need to provide for the same in the Statement of Profit and Loss.
- iv) **Derecognition of financial assets**  
"A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised."

e) **Financial Liabilities**

i) **Initial recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

ii) **Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii) **Derecognition**

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

**f) Leases**

**Assets taken on lease**

The Company mainly has lease arrangements for land and building for Factory and offices. The Company assesses whether a contract is or contains a lease, at inception of a contract. The assessment involves the exercise of judgement about whether (i) the contract involves the use of an identified asset, (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease, and (iii) the Company has the right to direct the use of the asset. The Company recognises a right-of-use asset ("ROU") and a corresponding lease liability at the lease commencement date.

The ROU asset is initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for certain re-measurements of the lease liability.. The ROU asset is depreciated using the straightline method from the commencement date to the earlier of, the end of the useful life of the ROU asset or the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate specific to the Company.

Lease payments included in the measurement of the lease liability include fixed payments, variable lease payments that known at the commencement date. Variable lease payments that do not depend on an rate are not included in the measurement the lease liability and the ROU asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "other expenses" in the statement of profit or loss. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made and remeasured (with a corresponding adjustment to the related ROU asset) when there is a change in future lease payments in case of renegotiation, changes of an rate or in case of reassessment of options.

Short-term leases and leases of low-value assets: The Company has elected not to recognize ROU assets and lease liabilities for short term leases as well as low value assets and recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**g) Inventory**

Inventories are valued at the lower of cost and net realisable value.

Cost of Raw material: Inventory items that are not interchangeable, specific cost are attributed for specific individual items of inventory. Inventory items that are interchangeable, cost are attributed to these inventory items on FIFO Basis.

Cost of Finished goods and WIP: Cost of finished goods and work in progress include weighted average costs of raw materials, conversion costs and other costs incurred in bringing the inventories to their present location and condition.

The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

**h) Income Tax**

Provision for tax is made for the current accounting period (reporting period) on the basis of the taxable profits computed in accordance with the Income-tax Act, 1961 and the Income Computation and Disclosure Standards prescribed therein.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority

**i) Provisions and contingent liabilities**

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an

outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise etc.) pending in appeal / court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts

**j) Foreign Currency Translation**

- i) The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.
- ii) On initial recognition, all foreign currency transactions are recorded at foreign exchange rate on the date of transaction. Gain / Loss arising on account of rise or fall in foreign currencies vis-à-vis functional currency between the date of transaction and that of payment is charged to Statement of Profit & Loss.
- iii) Monetary Assets in foreign currencies are translated into functional currency at the exchange rate ruling at the Reporting Date and the resultant gain or loss, is accounted for in the Statement of Profit & Loss.

**k) Dividend to equity holders of the Company**

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

**l) Revenue Recognition**

The company's revenue from contract with customer is mainly from sale of aluminium products. Revenue is recognised upon transfer of control of goods to customers which is usually on delivery of goods, in an amount that reflects the consideration the Company expects to receive in exchange for those goods. The Company determines the performance obligations associated with the contract with customers at contract inception and also determine whether they satisfy the performance obligation over time or at a point in time. The company satisfy the performance obligation at point of time accordingly recognise revenue at point of time since any of following criteria are not met:

- a) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- b) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date."

Amounts disclosed as revenue are net of GST, discounts, rebates and incentives. The materials returned/rejected are accounted for in the year of return/rejection.

Export incentives & other miscellaneous incomes are recognised on accrual basis. Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

All other other income including interest income are recognised on accrual basis.

**m) Employee benefits**

**i) Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short term employee benefits such as salaries, allowances, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

**ii) Post Employment Benefits**

**Defined contribution plans**

Payments made to a defined contribution plan such as Company's contribution to provident fund, employee state insurance and other funds are determined under the statute and charged to the Statement of Profit and Loss in the period of incurrence when the services are rendered by the employees.

**iii) Defined Benefits Plans**

The Company makes annual contributions to gratuity funds administered by the L.I.C.. The Gratuity plan provides for lump sum payment to vested employees on retirement, death or termination of employment of an amount based on the respective employee's last drawn salary and tenure of employment. The Company accounts for the net present value of its obligations for gratuity benefits, based on an independent actuarial valuation, determined on the basis of the projected unit credit method, carried out as at the Balance Sheet date. The obligation determined as aforesaid less

the fair value of the plan assets is reported as a liability or assets as of the reporting date. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the Statement of Profit and Loss.

**n) Borrowing Cost**

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale

Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred

**o) Earning Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**p) Segment reporting**

The activity of the company comprises of only manufacturing and trading of aluminium products hence there is no other reportable operating segment as required by Ind AS -108.

**q) Cash and cash equivalents**

Cash and cash equivalents are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

**r) Government Grant**

Government Grants are recognised where there is reasonable assurance that the grant will be received and all the attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. when the grant is related to assets, it is deducted from the carrying amount of respective asset.

34 As per Indian Accounting Standard 19 "Employee benefits", the disclosures as defined in the Accounting Standard are given below :

## Employee benefit plans

## Defined contribution plans

(amount in ₹ lakhs)

The Company makes Provident Fund and Employees State Insurance Scheme contributions to defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised ₹ 53.36/- (Year ended 31 March, 2021 ₹ 45.35/-) for Provident Fund contributions and ₹ 9.12/- (Year ended 31 March, 2021 ₹ 9.12/-) for Employees State Insurance Scheme contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

## Defined benefit plans

The employees' gratuity fund scheme managed by a Trust (Life Insurance Corporation of India) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is recognised in the same manner as gratuity.

Below is details of actuarial valuation associated with the captioned Plans in terms of Indian Accounting Standard (Ind AS) 19

34.11 : Sensitivity Analysis: Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below

### 36 Fair Value hierarchy

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

The following tables provides the fair value measurement hierarchy of the Company's financial assets & financial Liabilities

### 37 Financial risk management objectives and policies

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

#### a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counter-party fails to meet its contractual obligations.

##### Trade Receivables

Credit risk refers to the risk of default on its obligations by a counterparty to the Company resulting in a financial loss to the Company. The Company is exposed to credit risk from trade receivables. Credit risk from trade receivables is managed through the Company's policies, procedures and controls relating to customer credit risk management by establishing credit limits, credit approvals and monitoring creditworthiness of the customers to which the Company extends credit in the normal course of business. Outstanding customer receivables are regularly monitored. The Company's export sales are backed by letters of credit. The Company has no concentration of credit risk as the customer base is widely distributed.

##### Other financial assets

The company's maximum exposure to credit risk as at 31 March 2022 and 31 March 2021 is the carrying value of each class of financial assets.

#### b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. It maintains adequate sources of financing from related parties at an optimised cost.

The Company maximum exposure to liquidity risk for the components of the balance sheet at 31 March 2022 and 31 March 2021 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The average credit period taken to settle trade payables is about 0 to 30 days. The carrying amounts are assumed to be a reasonable approximation of fair value. The following table analysis financial liabilities by remaining contractual maturities:

Particulars	On demand	Less than 12 Months	> 1 years	Total
<b>As at 31 March 2022</b>				
Borrowings	6,166.28	-	323.65	6,489.93
Trade Payables	-	1,136.61	-	1,136.61
Lease liability	-	19.11	50.77	69.88
Other Financial Liabilities	-	128.36	-	128.36
	6,166.28	1,284.08	374.41	7,824.78
<b>As at 31 March 2021</b>				
Borrowings	6,916.15	-	313.93	7,230.08
Trade Payables	-	1,367.98	-	1,367.98
Lease liability	-	23.94	61.29	85.23
Other Financial Liabilities	-	185.67	-	185.67
	6,916.15	1,577.59	375.21	8,868.95

#### c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: interest rate risk, currency rate risk and price risk. Financial instruments affected by market risk includes borrowings, loans and trade receivables. The Company is exposed to Interest rate risks and Currency risks.

### i) Interest rate risk

The interest rate risk exposure is mainly from changes in floating interest rates. The Management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the Management in structuring the Company's borrowings to achieve a reasonable, competitive, cost of funding. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

Particulars	As at 31-March-2022	As at 31-March-2021
<b>Financial Liabilities</b>		
<b>Floating Interest bearing Liabilities</b>		
Borrowings	6,166.28	6,916.15

The following table demonstrates the sensitivity to a reasonably possible change in floating interest rates on that portion of borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	For the year ended 31-March-2022	For the year ended 31-March-2021
Increase in basis points	50.00	50.00
Effect on profit before tax	(30.83)	(34.58)
Decrease in basis points	50.00	50.00
Effect on profit before tax	30.83	34.58

### ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has foreign currency trade payables and receivables and is therefore exposed to foreign exchange risk. The Company mitigates the foreign exchange risk by setting appropriate exposure limits, periodic monitoring of the exposures and by natural hedging by creating reverse position by way of import in case of having trade receivables in foreign currency and vice versa also company mitigate currency risk by derivative financial instruments like foreign exchange forward contracts. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Company may be impacted due to volatility of the rupee against foreign currencies.

Exposure to currency risk (Exposure in different currencies converted to functional currency i.e. INR) The currency profile of financial assets and financial liabilities as at March 31, 2022 and March 31, 2021 are as below:

Forward Contract liability	2,805	1,665

## Sensitivity analysis

A reasonably possible 5% strengthening (weakening) of the Indian Rupee against USD at 31 March 2022 and 31 March 2021 would have affected the measurement of financial instruments denominated in USD and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Movement at 5% fluctuation	31-March-2022	31-March-2021
Profit	(89.05)	(30.48)
Loss	89.05	30.48

## 38 Capital management

Equity share capital and other equity are considered for the purpose of Company's capital management

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The management and the board of directors monitors the return on capital. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.
